

ASSEMBLY BILL

No. 2784

**Introduced by Committee on Veterans Affairs (Salas (Chair),
Gilmore, Lieu, V. Manuel Perez, and Yamada)**

March 8, 2010

An act to amend Sections 65, 66, 66.5, and 84 of, and to add Section 90 to, the Military and Veterans Code, relating to veterans.

LEGISLATIVE COUNSEL'S DIGEST

AB 2784, as introduced, Committee on Veterans Affairs. Veterans.

Existing law provides that the California Veterans Board consists of 7 members appointed by the Governor subject to Senate confirmation. All members of the board are required to be veterans.

This bill would increase the size of the board to 9 members, and would require 2 of the members to have served in Operation Iraqi Freedom or Operation Enduring Freedom.

Existing law requires at least one member of the California Veterans Board to have substantial training or professional expertise in geriatrics, gerontology, or long-term care.

This bill would revise that requirement to also permit that substantial training or professional expertise to be in mental health counseling.

Existing law prohibits the Secretary of Veterans Affairs from effectuating any policy change that would modify any veterans' program without first fully briefing the board regarding the effects upon veterans of the proposed policy change.

This bill would additionally prohibit the Secretary of Veterans Affairs from recommending any policy change that would modify any veterans' program without first fully briefing the board.

Existing law, for purposes of the above provisions and provisions relating to veterans' welfare, defines "program" to mean the Veterans' Home of California, the veterans' farm and home purchase program, including any associated insurance programs, and the veterans' education assistance program.

This bill would provide that "program" also refers to any other program or service offered or delivered to veterans by another state agency or department.

Under existing law, the Department of Veterans Affairs and the California Veterans Board have specified powers and duties relating to veterans.

This bill would require the Department of Veterans Affairs, in order to ensure that it properly identifies and prioritizes the needs of the veteran community in its strategic plan, to conduct a formal assessment of those needs, as specified. This bill would require the department, in consultation with the California Veterans Board, to develop measurable goals and objectives, as well as a specific department division action plan, as provided. This bill would also require the department, in order to ensure that it effectively measures progress toward meeting key goals and objectives, to follow the provisions in its strategic plan requiring it to establish performance measures, and would require the department to report these measures to the board, as provided. This bill would require the board to include this information within its annual report to the Legislature, as provided.

State-mandated local program: no.
